I have for a few years wanted to play padel in Spain and Padel Tripper organised coaching and social games perfectly

The best praise I can give is that I want to go back, and keep going back, thank you guys for creating padel heaven and letting us share it.

The organizers are really friendly and welcoming. The whole experience has a great flow to it, relaxed, yet fun and challenging at the same time.

There was a good mix of coaching in the morning and social padel in the afternoon. Hotel was lush, and Bela padel just round the corner.
